

How to use the Bing Webmaster Tools Bulk URL Remover Extension

You can download the extension on Google Web Store

BEWARE! Sometimes, one or more of the Bing Removal Functional is unavailable, if you see a red notification in the corner of your screen, you should try submitting the links later, as the Bing functional you are trying to use right now is down.

Instructions:

1. Go to https://www.bing.com/webmasters/searchconfig/blockurl

bing.com/webmasters/searchconfig/blockurl?siteUrl=https%3A%2F%2Fnikitakostin.com%2F

2. Select the website you would like to remove the links in the select box in the left top of the window.

4. Open the Extension Tab in the Upper Right corner of your browser.

5. Open the Bing Webmaster Tools Bulk URL Remover Extension.

- 6. Check the "Download Result File" box, if you would like to receive a file with results of the submission at the end
- 7. Choose, if you would like to remove the links or clean cache for the links, and if you would like to have the links removed as a page or a directory. If you choose "Directory", the extension will treat each of your submitted links as a link to the directory, meaning that Bing will remove any link that contain the data submitted.

E.g. Submitting https://nikitakostin.com/id1/ ->

<u>https://nikitakostin.com/id1/</u>1, https://nikitakostin.com/id1/2, https://nikitakostin.com/id1/3 will be removed.
